### FEATURES

### DESCRIPTION

Helix range consists of 3 hard working styles that deliver multiple features and a new measure of comfort. The cushioning system is a construction of TPU & PU, made of the right composition/compound and hardness/softness to achieve the best possible shock absorption. With this combination the Helix footwear range achieves the best possible suspension to maximise the reduction of fatigue and stress on the feet and joints.

### MAINTENANCE

To keep footwear in usable conditions it is recommended to maintain it always clean and polished. If wet, shoes should be dried at room temperature. Never heat at stove.
