

HELMET

THE NEXT-GENERATION HELMET ENHANCED VENTILATION & ADVANCED SAFETY

- New design prevents heat buildup and cools faster, keeping you comfortable all day.

Innovative Dual-Layer Impact Absorption Liner

- Replaced Styrofoam liners with a dual-layer pad system. More space = better ventilation.

Washable for lasting cleanliness. Easy hygiene!

- Durable resin pad
- Water-washable, easy to clean

One-Touch Removal System

- One-touch system for quick inner lining removal.

Internal Temperature Comparison

Other Inner Options

- Upgraded KP better absorption liner (Made of Styrofoam)
- Improved air circulation keeps you cooler
- Provides extra comfort during work under the blazing sun

- Styrofoam impact absorption liner
- Designed for fall protection with high impact absorption
- Helps reduce temperature from direct sunlight with insulation
